1. Capital Cost: The main file in which the question of making a further advance of Rs 35,000/- towards capital expenditure incurred upto 1-4-43, as recommended by the Special Officer, is being considered, is before the Fin Secy. It is ascertained that the file is being referred to the Comptroller for remarks. The return of the file with orders will be awaited, if approved.

This has to be expedited. MP 5

2. Working Capital: The Vellum Parachute Co have put 14 basins and are demanding the payment of Rs 14,000/- being the maximum amount that can be advanced by Govt under clause 6 of the agreement. The Spl. Officer has sought orders as to whether the advance may be given now or when the contract actually commences i.e. 1st July 1943. Reference is invited to clause 1 of the agreement. The agreement is operative upto 1-7-43 or from the date when 30 of Govt basins come into operation & the working capital

is to be advanced under the agreement. It has perhaps to be held that the advance can be made after 1st July '43. But the company have started work & are pleading difficulties for money. The request is for orders.

3. Contribution towards cost of training

The Spl Officer has requested the company to give him certain information but the company do not seem to have furnished the information. On the other hand they have referred to the remarks of the Spl Officer as irrelevant. The Spl Officer has not made any definite recommendation but has sought orders whether he could remit a bill for Rs. 29037-8-0 being half the contribution payable by Govt towards the cost of training. He seems to think, as can be inferred from his letter to the Company, that it may not be possible to train the 55 people & 1,250 operatives on the 14 Gas ins now worked by the Co. As per clause (7) of the agreement the Govt have to make an outright grant but it may be necessary for them to satisfy themselves that proper

Dear Sir,

I am in receipt of your letter dated 15th April 1943 asking me to make arrangements immediately to pay you a sum of Rs 29,037-8-0 being half the contribution towards the training grant. You have to train 55 people to be employed as supervisors etc. and 1,250 people as operatives. I shall be glad to know whether it is possible to train so many people in the 14 basins which are working at Yesvantapur. I shall also be glad to be informed re. arrangements you have made to recruit the 55 people required to be trained for supervisory and superior posts. The operatives for work at Gorbidnur have to be trained at Goribidnur I expect.

Yours faithfully,
